

CAREERS AT ROSEBERY MINE

ABOUT MMG ROSEBERY

The Rosebery Mine has been at the heart of the Rosebery community since 1936 and is located on the west coast region of Tasmania.

Rosebery underground mine produces zinc, lead and copper concentrates, as well as gold doré. We continually attract and produce world class professionals. With a strong community focus and core values including safety and integrity, we are proud of our role in our community.

MMG is committed to achieving net zero emissions by 2050.

The mine supports more than 600 employees and contractors, predominantly based within the local region as residents or on a drive-in, drive-out (DIDO) roster. We have an office in Burnie, providing more flexibility for our employees.
